Dear [Redacted]

I am pleased to have had the opportunity to visit your facility and observe your ridesharing program. By establishing priority parking for vanpools and providing ridesharing information to interested employees, your program is certainly on its way to a great success.

The inability to utilize the Council of Governments' Commuter Club matching services limits the speed at which new pools can be formed. One possible way to facilitate the formation of vanpools is to designate bulletin board space near the carpool locator for the use of vanpool drivers only. Enclosed are two fliers that I use to advertise my vanpool vacancies. Your vanpool drivers might find bulletin board space convenient to post the details of their van routes, times, rates, etc.. This approach hopefully would lessen the demand for ridesharing services on your employee transportation coordinator. Please let me know the results if you give this idea a try.

It was a pleasure to meet with you and your staff. Keep up the good work in ridesharing.

Sincerely,

Jack Carlile
